GENERAL INFORMATION

SERVICE APPLICATIONS, CHANGES AND DISCONTINUANCES—Applications for new service, changes in or additions to existing service or equipment, may be made at our business office, in person, by telephone or by mail. Ample notice will help us to move telephone equipment so that service will be practically uninterrupted.

BILLS AND PAYMENTS—Bills are rendered monthly and upon presentation are payable at our business office by mail or in person. They cover local service charges in advance for a one month period from date of the bill, and long distance charges for a one month period preceding the date of the bill. Prompt payment of bills is requested. If bills become delinquent, service may be denied. When service is denied because of non-payment a charge of \$1.00 is applicable for restoration of service.

SERVICE DIFFICULTIES—To give uniform courtesy and politeness is an imperative rule of this Company, and all employees are required to be courteous and patient at all times. If service is unsatisfactory, prompt report should be made of it to the Repair Service. Do not report unsatisfactory service to the operators, as conversations, by operators, beyond that necessary to complete connections, impair the service. Reports of unsatisfactory service should be telephoned, not written, as a more satisfactory investigation

is possible when an immediate report is made to the Repair Service.

ATTACHMENTS TO TELEPHONES—In order to render satisfactory telephone service, it is important that this Company own and maintain all of the apparatus and equipment connected with its lines. Attachments to telephones often have a direct effect on the service. It is for this reason, that the Telephone Company does not sanction the use of any devices on its equipment, except those furnished by the Company.

ADVERTISING TELEPHONE NUMBERS—Business subscribers often find it convenient to their customers to place their telephone numbers on their stationery, cards, advertising, etc. The Telephone Company recommends doing this, but the growth of the city and the corresponding growth of telephone facilities sometimes requires the change of telephone numbers. It is therefore suggested that stationery, cards, etc., which show the telephone number, not be printed in quantities that would involve a loss due to changes that might be necessary as a result of the telephone number being changed with a subsequent directory.

Business customers who have more than one telephone number will receive the greatest benefits from their service if the telephone numbers are grouped or consecutive and only the first telephone number of the group is advertised to the public.

Errors in This Directory

While every effort is made to improve each issue of the directory and to eliminate all errors, yet the Company does not assume any liability because of errors and omissions that may occur in this directory. Occasionally, however, errors will be found. It will help if you will check your own listing in the directory, and if it is incorrect in any way, call the Business Office, so that it will be corrected in the next issue. To lessen the possibilities of error it will be helpful to report any changes in listings as soon as their need becomes known instead of waiting until near the closing date. This will avoid the possibility of waiting too long, and not getting the change in the next directory.

Advertising

Rates for advertising space in this directory will be furnished upon request to the Manager.

Reduced Night and Sunday Rates

After seven o'clock every night, and *all day Sunday*, long distance rates are reduced on both station-to-station and person-to-person calls, except on calls to nearby points.

The table of long distance rates on the inside cover of this directory illustrates the saving possible by making your calls after 7:00 P. M., or on Sunday. The Long Distance operator will be glad to give you the rates to any points, without obligation.

How to Make Out-of-Town Calls

Decide first whether the lower priced "Station-To-Station" service can be used or whether the higher priced "Person-To-Person" service is necessary. To help you decide, these calls are explained below.

Station-To-Station Calls

A Station-To-Station call is one on which you agree to talk with anyone who answers at the called telephone.

To place a Station-To-Station call, ask your local operator for Long Distance and when Long Distance answers give her your call.

If you know the desired number, say, for example, "I want Kansas City, Mo., Victor 4568." If you do not know the desired number, say, for example, "I want Kansas City, Mo., John Doe's residence at 3601 Lindel Blvd.," or "I want Kansas City, Missouri, the Mayfield Hotel."

If you know the number of the called telephone, give it to the long distance operator. It will speed your service materially. "Long Distance" will be glad to supply numbers in principal cities on request.

The rates are less than on "Person-To-Person" calls.

Charges begin when the called telephone is answered.

Charges may be reversed. A slight additional charge is made when the initial rate is less than 25 cents.

Collect Calls

If the charges on the call you are placing are to be paid at the distant telephone you should tell the operator when placing the call that it is a "collect" call. The charges, if accepted by the customer at the distant telephone, will be billed to that telephone.

Directories of Other Cities

Telephone directories of cities throughout the country will be obtained for patrons by this Company. Prices and other information may be secured by calling the Business Office.

Additional Listings

For each customer a single line insertion in the alphabetical list is made without charge. Customers may arrange for additional listings under such regulations as apply to main listings to be placed in the alphabetical directory. Rates for additional listings may be obtained from the business office.

Listings Not Appearing in the Directory

Between directory issues many telephone numbers do not appear in the current issue of the directory due to changes and new installations. Patrons may obtain these telephone numbers from "Information."

Person-To-Person Calls

A Person-To-Person call is one on which you wish to talk to a particular person, or wish to reach a particular department. The rate on a Person-To-Person call is higher than the rate on a Station-To-Station call.

To place a Person-To-Person call, ask your local operator for Long Distance and when Long Distance answers give her your call. Example: "I want Topeka, Kansas, 9816, Mr. John Smith," or "I want Topeka, Kansas, Mr. Henry White at the Kansan Hotel."

If you know the number of the telephone, give it to the long distance operator. It will speed your call. "Long Distance" will be glad to supply numbers in principal cities on request.

The charges can be reversed.

A three-minute connection is allowed before "over-time" charges begin.

However, on calls within the state, if your party cannot be reached for reasons beyond the control of the Telephone Company, or your call is canceled, a "report" charge is made.

HELLO THERE!

Just keep me in a handy place, near your telephone, and I can help you a lot.

You see, that's what I was made for, to give you correct telephone numbers. Oh yes, I can give you the correct spelling of names; I can verify your neighbor's initials; and in my Yellow Pages I'll show you where you can find almost anything you can think of. But giving you correct telephone numbers is my main job.

It is to your advantage to be *sure* of a telephone number before you call. One wrong number wastes more of your time than it takes to look up half a dozen right numbers.

WHEN YOU TELEPHONE

- 1. Be slow to hang up when calling.**
- 2. Be quick to answer when called.**

*In the Southwest, 25,000 people
a day hang up before the called
party has a chance to answer.*

STOP wondering
and worrying about
out-of-town friends.

LOOK in the front
of the telephone
directory for the
low rates.

LISTEN to
their familiar voices
telling you everything
is all right.

FAN LETTER FOR THE YELLOW PAGES

"I was in the market for a new car," writes Mrs. A. K. from Texas. "The Yellow Pages listed all the automobile dealers. Shopping became fun when I knew where to shop."

GUIDE SERVICE

The Yellow Pages are a business guide. They tell you who sells anything...and give you the address of the nearest dealer.

Telephone: "May I help you with your shopping, madam?"

Mrs. Wise Shopper: "You did, just yesterday. I turned to the Yellow Pages, found the name of a beauty parlor near home, and called for an appointment."

THE YELLOW PAGES

are full of people ready to serve you

Look in the Yellow Pages. You'll find there the people who sell whatever you want to buy.

It is a quick and easy way to shop.
