

ATHLETICS

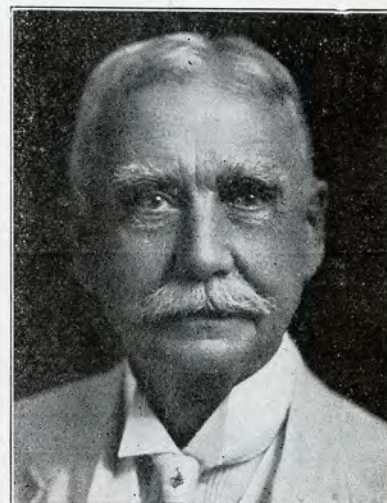

Coach Max Klein

A friend, a teacher, a football coach—which shall it be? Coach Max “Happy” Klein is all of these and many others. A pleasing personality enhances the first, he has the “something,” in addition to a college degree, which makes the teacher, he has been an all-round athlete since his high school days and this enables him to fill his principal position efficiently. “Happy” is a graduate of Glasco High School where he was a three sport man, captaining football and basketball. After attending college for a year he returned to the “old home town” where he coached a year before returning to school. His college career was again interrupted by the war, as was the case with many men of his age. While in the service he was captain of a Base Hospital baseball team and also played on an Artillery football team. Leaving the service he reentered college, took active part in football and baseball winning h’s letter in both sports and was captain of the football team in his Senior year coming to Lawrence High School in the fall of ’20.

At the close of Max Klein’s second year as Athletic Mentor we wish to express our gratitude and to let him know of our hearty support and admiration of the man who has helped our athletes to bring glory upon themselves and upon our school.

Mr. George Innes, who has been a resident of Lawrence for more than fifty years, twenty of which were spent as a member of the Board of Education. Among the many friends he has made during this period there are none dearer to his heart than the boys and girls of Lawrence High School.

Mr. Innes has always been interested in athletics, principally football and has been called the “Father of Football in Lawrence High School,” and feels very grateful that Lawrence High School realizes what an asset to its curriculum a good, clean-fighting, wide awake bunch of athletes can be.

Football

The football season of '21 was one of the kind which the students of L. H. S. have been accustomed to supporting; a season of play against the leading schools of the state. Any school could well be proud of having a team which met such schools as Manhattan, Kansas City, Kansas, Iola and Topeka. When the team started the season with a 14-0 win over Westport, we thot that we were due to have a successful autumn of sport.

After a week of hard scrimmage Klein took the team to Abilene. 'Mandy' Mandeville, a K. U. star of last year, was the coach at Abilene and he was anxious to show Lawrence just what he could do. Knowing this, 'Happy' put a team on the field which was able to outfight and outplay a well-coached team by one touchdown. The following week an ancient enemy, Iola by name, came to town. Now when Iola meets Lawrence there is always a great scrap. This was all of that and more. The score was 7-2 in our favor but the victory was hard to get. Close after the Iola game came St. John's Military Academy of Salina. In a season of low scores and fairly tight football this showed the most thrills. It was on the second play of this game that 'Stan' called signals for an end run around left. With Morawetz carrying the ball and aided by the best specimen of high school interference running ever accomplished, Morawetz made a sixty-yard run for a touchdown. This was followed in short order by Mackie intercepting a pass on the forty-yard line and getting away for another. Following these their defense stiffened until the third quarter when another touchdown was registered. This closed the scoring for the day altho St. John's showed some very pretty double criss-cross formations in a frantic effort to score in the final period.

The St. John's game closed the first half of the schedule and the following week the team went to Manhattan. This game had the lowest score of any in the season and the boys played less real football there. Manhattan scored on a touchback in the first half but Dugan booted the dropkick in the last half and that won it. The next game of the season was the only real defeat which the team met. No alibi, publicly at least, was offered but the really bright side of the game was Testerman's ability to throw the Kansas City backs for a loss. However, one man can not win a game so K. C. K. kept the 'bacon' at home.

The following week we played Ottawa there and altho the score was tied our team outplayed them all around. Our big game of the season was when Topeka came to town. The game was the hardest fought and most evenly matched of any of the season and we lost only on a fluke touchback. The Topeka High came down on a special and supported its team to the last whistle.

In the preceding paragraphs I believe I have set forth the deeds and misdeeds of one group of loyal high school students who added another chapter to the illustrious history of Lawrence High School. And in those more or less simple statements of facts are shown one reason why the students of Lawrence High, even tho they travel far and have many new alliances, can never quite forget the deeds of the team in their Senior year at High.

Topeka 9.....	Lawrence 7

RED AND BLACK

ROBERT LAPTAD (Captain)

There was always one man on the team who was fighting from the first whistle to the last, "Heavy" Laptad. Bob has played three years on the team and still has another year coming. In his time he has shown himself to be one of the best tackles that ever played on a Lawrence High School team.

GEORGE MACKIE

To the deserving goes the reward and therefore to 'Mickey' goes the captaincy for the year 1922. He plays a smashing type of football which gains yardage when it is needed. 1922 will be George's last year in the high school.

HAROLD TESTERMAN

In the four years that "Testy" has been in High School he has also been in football. Playing right end, he has made a name for himself as being one of the best ends that has ever played on a Lawrence High School team.

LYONS DUGAN

There is a tall, silent man holding down left end this year. Dugan did not talk much but he certainly can play football. He will graduate this year.

JACK QUINLIN

Bigger than most of us is Jack and better also in football. Jack got in many of the games this year and will be back next to get a regular place on the team. He earned a letter this year and will get another one in all probability.

FORREST GILMORE

In our memories of Forrest there will be many of his conduct on the field of sport. If ever a man played the game square and with the highest of ideals, Forrest Gilmore did. His belief in trying again and again until success comes is shown in his sporting record. It was not until his third year that he was able to get a regular berth on the team but he took care of his job in a thorough manner. We wish that more men of his calibre would come to our Alma Mater.

JOEL CHAMBERS

Jo has the knack of putting his beef in the right place in a football game and this thing enabled him to earn his letter this year. This is his last year in high and so we hope his successor will be as good as he.

HOUSTON TURNER

Turner, sub-end, showed up well in several games. "Testy" was laid up and Turner was able to hold down his end of the line well.

FRANCIS MORAWETZ

How Morawetz can play football as fast and hard as he does and not get his beauty all spoiled is more than we can see. He does it, nevertheless, and utilizes his speed to good advantage around the ends. He shakes a mean foot when it comes to this port-side kicking.

EUGENE PERKINS

"Perky" has a jinx on him if ever anyone has. For three years he has been out for football and each year only an accident has kept him from getting his letter. However, by special action of the Athletic Association, in recognition of his loyalty, a letter was given him this year.

JOHN AKERS

Ja Da made good the first year he was out for the team. At half he used his weight and speed in hitting the line effectively.

ORVAL CRITES

"Good Lookin'" Crites got away good this year. Levi uses his speed to great advantage around the ends. He will graduate this year.

STANLEY LINDLEY

Altho this is Stan's first year as a regular he took hold of the place at quarter-back left open by the departure of Weed in a manner which pleased the most critical. Stan has a way of putting all he has into the game which gives the rooter a desire to fight with him.

WILFRED HUNSINGER

How a big fellow like "Dutch" can sift thru a line is more than we have found out to date, but we do know that he can do it. This, coupled with his ability on the defense, won a letter in his senior year.

WALTER RISING

Out for guard and tackle Walt got into several of the games and showed well. He showed ability and it was only his lack of experience which kept him out of the letter column.

LOUIS DAVIDSON

One of the most reliable men on the team is 'Dutch.' He puts the ball where it is wanted at the right time and also aids materially in keeping the middle of the line strong.

Basketball

The basketball season of 1922 was one which was replete with thrills and intercepted with brilliant games. The schedule was successful enough to sustain the interest in the sport at all times during the season.

Soon after the football season was ended Coach Klein issued the call for basketball practice. A large number of fellows turned out but the greater number of these were not retained. The first game of the season was played with Northeast High of Kansas City, Missouri. The boys were outplayed there, chiefly because the Northeast team had been out for several weeks longer than our boys. Following this game the team annexed seven games in a row from the strongest schools in the eastern part of the state, and one from Oklahoma. The last mentioned game was one of the fastest ever played on the Haskell court.

At about this part of the season the Coach undertook a shakeup of the team because of the continued abuse of training regulations by members of the team. As a result of this, Mackie, all-state guard was dropped from the squad. The coach is to be commended for his stand which will undoubtedly help in future years to produce a better conditioned team. The season ended with two-thirds of the games won which is a very creditable showing, all things taken into consideration.

Following the close of the regular season of play came the district tournament at Baldwin. Here Lawrence took away the honors, altho it was a battle all of the way. In the finals Lawrence beat Wellsville in a one-sided game, therefore qualifying for the state tournament which was to be held in March. At the state tournament Lawrence was hampered on account of the small size of the courts on which the preliminary games were played. However the team was defeated in the third round by Wichita, whose players were considerably aided by the size of the courts.

At the end of the season Lawrence High School was represented on the court by a well balanced team, which was capable of playing some of the fastest basketball ever seen on a high school court. Through the team's ability to come from behind and win, as shown on several occasions, the worth of an offence in which real team work is in evidence is shown. In future years it is hoped that Lawrence High School will be more often represented by a team such as the one of 1922.

RED AND BLACK

HAROLD TESTERMAN

To watch Harold play a game of basketball is a liberal education in the science and the sportsmanship of the game. For four years Harold has been playing on the team and record of the team during this time shows the benefit of his playing. It will be many years before another man of his ability in athletics will be in Lawrence High School.

ORVAL CRITES

Levi starred in the later games of the season. He was handicapped somewhat by his lack of weight but his work at guard in the state tournament received honorable mention. His floor work and his ability to count baskets when most needed earned him this commendation.

LYONS DUGAN

A good running mate for Harold Testerman was missing from the squad until Dugan checked out his suit. From then on the Dugan-Testerman combination was a point-scorer in any game. Dugan was a long shot expert from Haskell who came in to High and earned himself a niche in our own Hall of Fame.

GEORGE MACKIE

One of the best guards ever seen on a Lawrence High School team is George but he has hampered himself by his lack of training. George was dropped from the squad about the middle of the season because of this but we hope that he will 'see the light' next year and do his bit with a will.

DONALD DOWERS

Speed seems to be Donnie's middle name; how he manages to outjump fellows several inches taller than himself is due to this. His work at centre during the district tournament at Baldwin also received honorable mention. Don will be back next year and will help to send Lawrence High School a long way toward a successful season.

STANLEY LINDLEY

To make the team at Lawrence High School his first year out is a task which most players fall down upon. But Stan had the stuff and played a classy game the whole season. Running guard was Stan's job and it was well taken care of.

EVAN EDWARDS

Long Edwards got into many games this season and handled himself well for so long a man. His ability to get tipoff was helped by his floor work and won him a letter.

PHILIP EDWARDS

Phil shows the lack of experience but in the years to come will be a valuable man to have on any basketball team. Phil shone brightest in the Emporia game.

ROY HOUSER

A new-comer from Ottawa is Roy but he got into several games at the first of the season. He uses his head while on the floor and tries to help out the teamwork of the bunch. Roy will be back next year and will help keep up the good name of the school.

PENFIELD JONES

A small player but he has made many a large player look foolish by his ability. Penny has lots of fight and peps up any game by this.

WILFRED HUNSINGER

Dutch played guard in several games this season and injected a great deal of pep into the game. He kept things going in his end of the court while in the game. Dutch graduates this spring.

JACK QUINLIN

Jack is getting to be quite an all-around athlete. Jack developed a great deal while playing on the squad this year and got into several games as the result. He'll be back next year with the old fight.

Basketball Girls

Christine Simpson Olmstead Wilson Pine Junkins Laptad Testerman McAfferty

This year the Seniors, Juniors and Sophomores organized into one team which represented the school as a whole. Since the Freshman girls belong to Junior High and have no place to practice, a team was not organized! The Basketball girls practiced faithfully once a week in the chicken-coop with no regular games in prospect.

The team played a few practice games with the Indian regular team, but was defeated because it lacked extensive practice and knowledge of the Indian gym. On the one occasion when the Indians played the girls on the home floor the score gave the game to Lawrence.

Although the basketball team was not very active this year the girls feel that they have gotten a great deal from practice and can give Lawrence High a team to be truly proud of next year.

Track

Track was revived this year after a vacation since Nineteen Fifteen. Track formerly held a major place in Lawrence High School sport and the object now is to try to regain our old place in the state. Track practice was called about the first of April and about sixteen men reported for practice on the Stadium Field.

In the middle of April a trial meet was held with Oskaloosa High School. Lindley, Morawetz, and Dugan showed well in this meet. Soon after this came the Inter-Class meet in which three classes entered teams. Dowers, Quinlin, and Morawetz were in charge of the various classes. On the first day the Seniors took the lead with the Juniors and Sophs bringing up the rear in the order named. The Sophs staged a come back on the second day, scoring twenty-two points, and jumped into the lead. The Seniors fell back into second place and the Juniors brought up the rear. However, on the last day the Seniors won the meet by winning the relay. This gave the meet to the Seniors by one point.

Sixteen men were entered in the Inter-Scholastic meet held the sixth of May on Stadium Field. In this meet Dugan took first in the high-jump, Brown second in the half-mile and Coker and O'Bryon tied for fourth in the pole-vault.

Many of the men that were out this year will be out next year.
