PRESIDENT'S LETTER

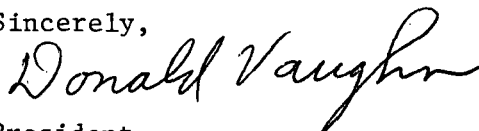

In looking back over the years since I have been involved in genealogy, it seems genealogy has changed from a hobby for most of us to a big business for many. The number of people involved in genealogy had remained relatively low until the last ten years. A tremendous growth has taken place since then with both good and bad effects.

The good effects? Many town, county and state genealogical societies have been formed, most publishing quarterlies and newsletters concerning their areas of interest. This has been a great help to searchers in distant areas. Many genealogical publishing companies have begun business offering a wealth of books and data on most areas of the country. Numerous charts and filing systems and how to do it books are available. Several magazines such as the "Genealogical Helper" have been helpful to many. Professional genealogists are more than willing to help you for a fee. Workshops and conferences large and small offer speakers on a wide variety of subjects. Computers are being used to increase the ease of record keeping and retrieval.

Bad effects? Some county courthouse officials refuse to help genealogists in any way, or very grudgingly, because they are too busy or their records have been stolen. Some professional genealogists turn out to be not so professional. Some do not render the service paid for. Organizations such as "Beatrice B. Bailey" prey on the unsuspecting genealogist. The economic situation has limited some library services. Some such as Kansas City, Mo. are charging a user fee. The federal government has eliminated interlibrary loan of microfilmed census records and reduced other service.

To use our time and money wisely, we need to be aware of what is offered for our use by libraries, societies, family associations, publishers, etc. If we plan to use a professional, choose with care and investigate thoroughly. Talk to other genealogists—they are more than willing to share ideas. Finally, do not take genealogy too seriously, but have fun.

Sincerely,

President

Herald of Freedom, Jan. 20, 1855, p. 2, c. 4

The First Baby

The first birth in this city was on the 25th of October last. The Lawrence Association donated the boy a first class city lot, and named him Lawrence CARTER, after the city and his parents. We learn that the little fellow is quite healthy, and is growing finely. May he live to see our beautiful city ranking with the first in the Union in all that pertains to wealth, education, morality, and refinement.

We may be allowed to say, in this connection, that the first white child born in Chicago is now but twenty-two years old, while the city boasts of a population of near 80,000. May not a destiny equally prosperous await our own Lawrence?

--Jane Wiggins, Lawrence, KS

RURAL MAIL DELIVERY AND UNCOLLECTED LETTERS

A letter from the General Services Administration dated 1 April 1982, gives the following information concerning the "Lists of Letters Remaining in the Lawrence Post Office" which were published in The Herald of Freedom, 8 August 1857, 5 September 1857, and 1 October 1857.

"The rural service began in 1896, but post offices in some cities and villages employed carriers to deliver mail before that date. Excerpts from the 1851 United States Postal Guide contain information on the advertisement of uncollected letters left in post offices."

The 1851 United States Postal Guide states on page 50:

"Advertising Letters.—Under the 5th section of the act of 3d March, 1851, providing for the advertising of uncalled for letters, the postmaster-general has made the following regulations, viz.: When the gross receipts of the post-office for the then next preceding quarter shall not have exceeded \$500, the postmaster shall advertise such uncalled for letters once in six weeks only: When such gross receipts shall have exceeded \$500, and have not exceeded \$1,000, the postmaster shall advertise once a month only: When such gross receipts shall have exceeded \$1,000, and shall not have exceeded \$7,500, the postmaster shall advertise twice a month: And when such gross receipts shall have exceeded \$7,500, the postmaster shall advertise once a week."

"Such advertisements are to be inserted in one newspaper only, which must be printed in the city, town, or village in which the post-office is situated, and must have the largest circulation within the range of delivery of said office of any paper issued weekly or oftener, printed in such city, town, or village. Should the publisher of such paper refuse to give such list of letters one insertion, at one cent for each letter, the postmaster will designate some other paper for this service. He is also required to post in a conspicuous place in his office a copy of such list, on the day or day after the publication thereof."

"If there is no newspaper printed in the city, town, or village where the post-office is kept, or if the publishers of all the papers so printed shall refuse to advertise the letters for the price above mentioned, then manuscript lists of them are to be made out and posted at such public places in the town and neighborhood as shall appear best adapted for the information of the parties concerned. Refused letters are not to be advertised, nor those which the postmaster expects will be immediately taken from the office. Drop and box letters, circulars, free packets containing printed documents, speeches, or other printed matter, are not to be advertised."

--Pauline B. Elniff, Lawrence, KS.

From the Baldwin Ledger, January 28, 1921:

"A big wolf hunt has been planned for the Vinland neighborhood next Sat. Jan 29. The round up will take place on the A.K. Stephens farm. W.D. Fordyce is the manager of the drive."

--Judy M. Sweets, Fayetteville, NC.

A Free School in Lawrence

A free school was commenced in this city a few weeks since, taught by Mr. FITCH. A meeting of the citizens was held on the evening of the 18th inst., at the school room. The meeting was organized by the choice of Mr. Samuel F. TAPPAN, President, and Dr. S. C. HARRINGTON, Secretary. A school committee of three was appointed for the ensuing year, consisting of Dr. ROBINSON, Dr. DOY, and J. S. EMERY, Esq. Mr. Samuel F. TAPPAN was chosen clerk. We are informed that enough money has been subscribed to carry on the school for three and a half months.

For my

 Remember oh remember
 The days we spent at school.

 How we did obey each rule.
 Your friend,

When I see you I'll think of me.

 Remember Oh Remember
 How we use to act a fool.

To Mamma
 Should any ask me on whose name
 The grass designed so much to shine.
 And why they cut a niche in fame
 To place her name for future time.
 To them I would the name unfold,
 The letter "M" would for most be
 alas: me think to much she told.
 They'll guess A double M. J. E.
 Your friend and teacher.
