# Report of the Librarian.

TO THE BOARD OF DIRECTORS OF THE  
LAWRENCE FREE PUBLIC LIBRARY:

Herewith is respectfully submitted my report of the work of the Lawrence Free Public Library during its fifth fiscal year ending December 31st, 1909.

We are glad to note an increase in the circulation of miscellaneous books both in the adult and children's departments.

The circulation statistics are as follows:

Adult fiction.....	31,947
Adult Miscellany.....	3,942
Foreign languages.....	197
Young People's fiction.....	10,933
Young People's miscellany.....	742
Total.....	47,761

There were 4,804 miscellaneous books used as references in the reading room.

There have been 326 volumes rebound and 101 volumes of periodicals bound, a total of 427 volumes, 249 less than last year.

Owing to the lack of funds necessary to carry on the work of the library, the gain in volumes for the year was a little more than half that of last year—or an addition of 645 volumes against 1,230 of the year 1908.

The total accessions are 10,153. Of these 53 volumes have been worn out and withdrawn from circulation and 8 volumes have been stolen from the shelves—making the number of volumes now on hand 10,092, which are classified as follows:

Bound Periodicals.....	1,179
Unbound periodicals.....	42
Adult fiction.....	2,620
Adult Miscellany.....	3,477
Reference department.....	318
German department.....	388
Young people's fiction.....	1,342
Young people's miscellany.....	618
Young people's periodicals.....	108
Total.....	10,092

Of the 645 volumes added, 523 were by purchase, 48 of which were from the Perkins Memorial fund, and 122 were by gift. Divided in classes, 409 were miscellany and 236 fiction.

The list of donors of books is as follows: Mr. G. Grovenor, Teutonia Club, Betty Washington chapter, D. A. R., Mrs. Harriet Myers, Miss Robinson, Mrs. Louisa Cooks Don Carlos, Dr. Edward Bumgardner, Dr. J. W. Primm, Dr. C. M. Buchanan, First Church of Christ, Scientist, E. C. Hickey, C. S. Gleed, Mrs. M. S. Adams, the publishers of various works, the Clerk of Douglas County, (Session Laws,) Mrs. J. G. Sands, Alan Wilber, Mrs. J. G. Haskell, Mrs. R. B. Preuszner, Dr. H. Reding.

Mr. Grovenor's annual Christmas gift for 1909 was the 1910 edition of Webster's New International Dictionary and the 4 volume Garnett and Gosse History of English Literature, with an order for the supplementary volume of Larned's History for ready reference, which the publishers promise in the spring. The original set of Larned was Mr. Grovenor's first Christmas gift in 1904.

Mr. Harry Dick continues the habit of sending the library receipted bills. As materials purchased from him include floor finishes, dusters, etc., these bills are no small item.

Through the personal interest of Mr. C. H. Tucker we are indebted to the Watkins National bank for a valuable gift. On July 4th a large bunting flag was unfurled from a flagstaff on top of the library building, both flag and flagstaff being gifts of the Directors of the bank.

It is the custom of the library administration to re-register its patrons once in two years. This is made necessary by removals from the city, changes of address, etc. The old registration closed at 3,126. The new registration went into effect August 1st. Since that time 2,177 persons have registered. The record for the 1907 registration for the same length of time was 1,703, a gain of 474.

A change in the rules whereby permanent residents over 15 years of age may secure cards on their own signature simplifies the matter of issuing borrowers cards both for patrons and librarians. The change has not been in effect long enough for a thorough test, but as this method has succeeded in other libraries, there is no reason why it should not succeed in ours.

The children's story hour is perhaps the most notable feature of library work for 1909. This was long contemplated by the librarians and much material on the subject has been gathered. So far children between the ages of 5 and 10 years have been invited, but we expect soon to have stories for older ones. Miss Walker, of the department of Expression at K. U., who has had training in story telling, has donated her services, as have also teachers in the primary grades of the public schools. The stories told are such as will educate as well as amuse and will also, we believe, create in the children the library habit, and a desire to read a better class of books. The work is under the supervision of Miss Edwards, who is specializing in children's work.

A chart consisting of colored plates of birds, animals, minerals and flowers, native to all parts of the world, is another educational feature of the children's room.

In October the annual work with the freshman class of the high school was taken up with Miss Poff assisting. Over 200 students in classes of about 50 each, came to the library and were given instructions in its practical use. This work is proving of material benefit to all concerned.

Our library is continually handicapped in even a normal growth by a lack of funds. We need more books and more shelving, and we earnestly urge the co-operation of the Board in securing a larger maintenance fund for the year 1911.

Respectfully submitted,

NELLIE G. BEATTY, Librarian.

# Report on Public Documents.

January 31, 1910.

TO THE BOARD OF DIRECTORS OF THE LAWRENCE FREE PUBLIC LIBRARY.

There are now on hand 2016 volumes of public documents as follows:

Bound Government Documents.....	977 volumes.
Bound Kansas State Documents.....	252 volumes.
<b>Total.....</b>	<b>1229 bound volumes.</b>
Unbound Government Documents.....	596 volumes.
Unbound Kansas State Documents.....	191 volumes.
<b>Total.....</b>	<b>787 unbound volumes.</b>

The great decrease in the number of volumes in this department is accounted for by this fact: by your authority given in September, 1908, we relinquished our claim as a Government Depository, and later sorted out and sent to Baker University, the new depository designated by Congressman Charles F. Scott, all volumes which were not likely to be of sufficient value here to justify the space and care necessary to preserve them. The volumes which remain represent many days of labor in selecting, handling and classifying, and they add greatly to the reference resources of our library. At present no Government documents are being received. Many books published as public reports are too valuable, however, to be ignored. I have assisted the Librarian in making out a list of regular sets which I would earnestly recommend keeping up to date. Most of them can be secured without cost by application to the various bureaus, or through our member of Congress. Irregular volumes of interest can be selected from the "Monthly Catalogue" issued by the Superintendent of Documents.

The situation in regard to Kansas state publications is much the same. Certain series, such as the Historical Collections, the reports of Agriculture and Horticulture, and the Session Laws should be kept up by all means. One of the best ways of securing volumes missing from sets is to arrange exchanges with the Secretary of the State Historical Society. We have on hand 46 volumes of old newspapers, some of them containing interesting historical matter, but the files are so incomplete that they are not of much value here. I recommend that these be offered to the State Historical Society as material for exchange.

In transmitting my last report on public documents I desire to thank you for the approbation that you have always given my efforts to make these books available for the use of the people of Lawrence. I have done what I could in this as in other lines of the library work. In laying down the work that has been continually in my mind for the past seven years, I cannot help a feeling of pride that I have had at least some small part in the developments of our excellent library and in shaping policies under which it will continue to grow in usefulness to the people of the city. My association with you has been most pleasant and the work has been more congenial to me than any other line of public service that I have ever attempted.

EDWARD BUMGARDNER.
